EDUCATION

B.Tech — in Computer Science Engineering

National Institute of Technology ,
Andhra Pradesh

📅 November 2020 - Present

GPA: 7.77/10.0

Class XII (MPC)

Tirumala Junior College, Andhra Pradesh

📅 June 2018 - March 2020

GPA: 9.94/10.0

Class X

Mohan Secondary School, Andhra Pradesh

📅 June 2017 - April 2018

GPA: 9.8/10.0

PROJECTS

Software Company Website

- It is a responsive web application of a software company.
- Careers page provides a user-friendly platform for job seekers to explore and apply for job opportunities.
- Implemented a robust admin interface for management of job listings, applicant tracking, and communication between users.
- **Libraries** 📖 HTML5, Css, Bootstrap, Javascript, NodeJs, ExpressJs, MongoDB.

Hate Speech Detection

- Implemented hate speech detection using a hybrid model combining BERT for contextual understanding and CNN for local feature extraction.
- Attained high accuracy in identifying and classifying toxic comments within textual data from the HASOC dataset, showcasing proficiency in text classification and natural language processing.

TECHNICAL SKILLS

Programming Languages

C/C++

Python

Java

Front-End Web Technologies

HTML

CSS

Javascript

Bootstrap

Databases

SQL

MongoDB

Development Tools

VsCode

Git/Github

Nodejs

Operating Systems

Windows

Linux (Ubuntu)

ACHIEVEMENT

- Ranked in the top 5 percentile among participants in the NPTEL Cloud Computing Course 2022.

COURSE WORK

- Database Management System
- Object Oriented Programming
- Data Structures and Algorithms
- Operating Systems

ACTIVITIES

- **Interests:** Running, Problem solving, Coding, Calisthenics.
